RE: Recommendation for Table Condiments

Hello Everyone,

The following is a list of recommendations for setting your tables with condiments.

- **Ketchup** - Use the pump and serve it in ramekins - any plate with fries or hash browns get one ramekin, or if a guest requests it for other menu items.
- **Salt & Pepper**- Can remain on tables, but the shakers must be sanitized after each guest.
- **Syrup** - In Smitty's syrup bottles on the table for breakfast and lunch only and then brought to the table at dinner when French Toast, Pancakes, or Waffles are ordered. Must be sanitized after each guest.
- **Jam Caddies** - Brought to the table and cleared away with each breakfast order.
- **Butter**- Done on the expo line, in the ramekins for Pancakes, Waffles, French Toast. If a side Toast is ordered, Butter is on the side.
- **Any Other Side Sauce**- (i.e. Tabasco, HP, Vinegar, etc.) brought in a ramekin upon request.

We encourage all locations to continue with additional Covid-19 cleaning procedures.

Please do not hesitate to reach out if you have any questions or concerns at proy@smittys.ca.

Yours truly,

Parry Roy
