RE: Holiday Programming for Squirrel and Delivery platforms.

---

Good afternoon,

Please review the following important information for the upcoming Holiday menu launch.

**Non- Integrated Skip the Dishes Uber Eats, Door Dash, and Feastify locations**

Is scheduled to start programming the Holiday menus on **November 15<sup>th</sup>**. If you start seeing the items on your platform before you are ready to go live. Please “Out of Stock” these items until you are ready to launch.

Please note we have arranged the “Most Popular” section to showcase the Holiday Menu. Starting November 15<sup>th</sup>.

All locations that have the ability to offer alcoholic beverages will have the Barone Pinot Grigio and the Barone Cabernet Sauvignon by the bottle offering.

**X-Dine and Store that are Integrated with Delivery Platforms**

The programming will be live on **November 17<sup>th</sup>**.

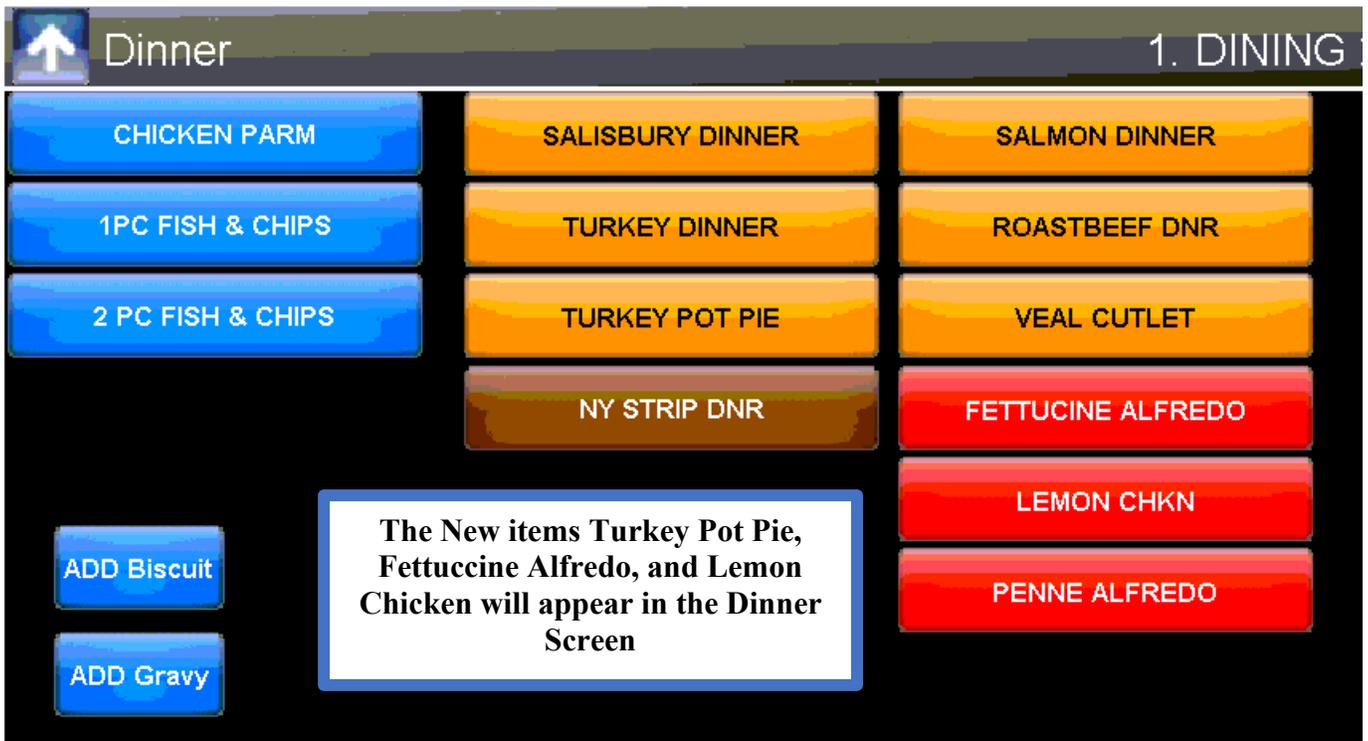

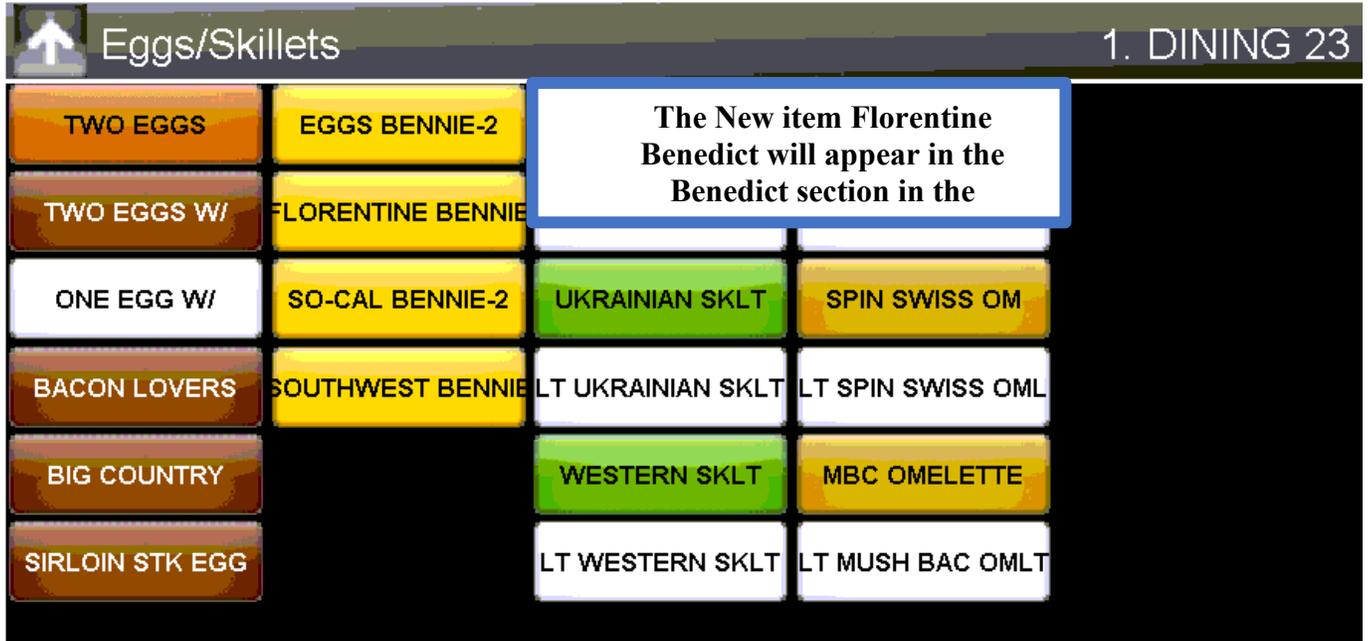

Please note we have arranged the “Most Popular” section to showcase the Holiday Menu.

All locations that have the ability to offer alcoholic beverages will have the Barone Pinot Grigio and the Barone Cabernet Sauvignon by the bottle offering.

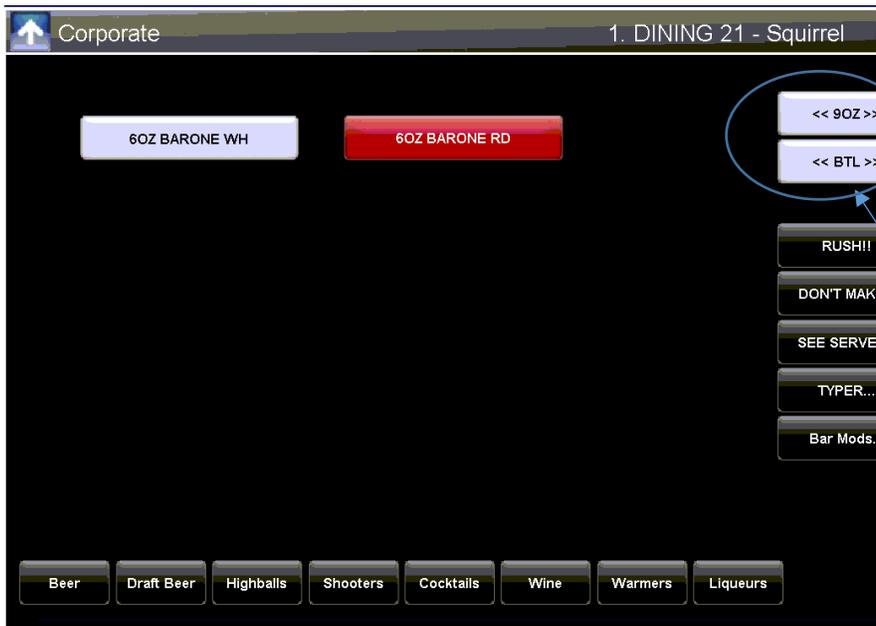

## Squirrel POS Programming

You will receive the download for the new menus no later than November 10, 2021. If you do not see this appear in your database, please reach out to [cdavies@smittys.ca](mailto:cdavies@smittys.ca).

Please see the following screen you can expect the Holiday items to appear.

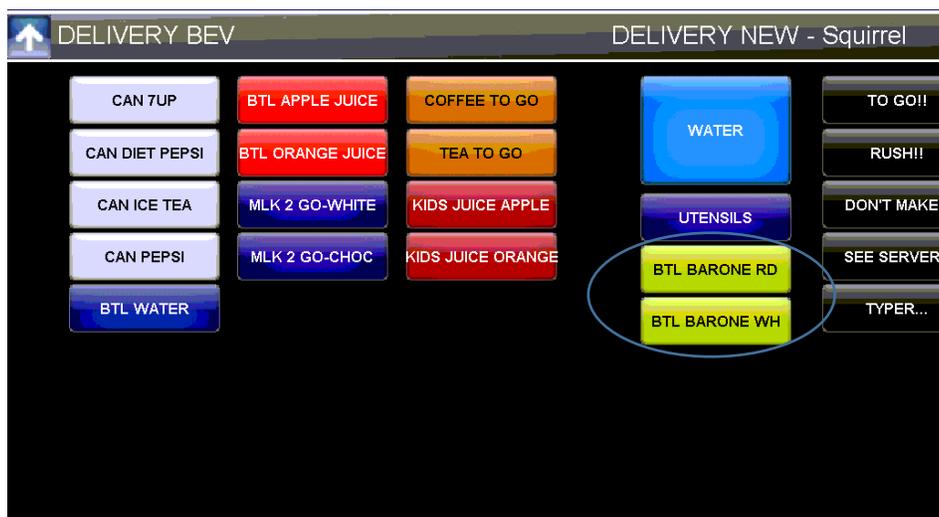

The Wine offerings will appear in new screen on the Main Screen called Corporate.

**In this screen you will see the 6oz glasses. To order the 9oz and the bottle you must first select the 6oz and then select the desired size. This will transform the item to the correct size and price.**

The locations that offer Alcoholic beverages on their delivery platforms. The bottles of wine will appear in the Delivery Beverage Screen. This is priced at \$28.99

If you have any questions or concerns, please do not hesitate to reach out [cdavies@smittys.ca](mailto:cdavies@smittys.ca)

Warmest regards,

Crystal Davies  
Business Intelligence and Operations Manager
