FROM: Jim Weidinger – President
RE: **Momentous Accomplishment – Alex Wiseman**

Hi Team,

I want to send a special recognition to someone within our family. In conversations with many of you, the topic comes up about today’s new generation. I want to introduce you to one of that new generation. Alex Wiseman (son of Shelly Hardaker – the owner of our Lindsay Ontario location) is officially graduating with his master’s in Neuroscience!!! (PS His mother couldn’t be prouder!!) That comes with a tremendous amount of sacrifice from both mom and son, so a huge congratulations to Alex on this day.

I’ve said it before, there are so many bright spots and examples within our own company of what the future looks like, and I believe we are in excellent hands! Please join me in congratulating Shelly and Alex on this momentous accomplishment. This will be a special Christmas for both of them.

Kind regards,

Jim Weidinger

Jim Weidinger
