Squirrel IQ Reconfigurations

We have recently changed the configuration inside the data base. Year-over-year date comparisons were previously based on date and not day of week. For example, if you were looking at Monday sales of this year it was comparing to Wednesday last year. The new configuration will now compare Monday this year to Monday of last year.

If you have any questions or concerns, please reach out to me cdavies@smittys.ca, I am happy to help.

Yours truly,
SMITTY'S CANADA INC.
